

Kimblewick Hunt

Chairman's Report for the 2020-2021 Season

As a young hunting enthusiast, I remember sitting with half a dozen or so cognoscenti of considerable age and experience during a check in a long steady `hound hunt, which had taken a number of tricky turns and shown the pack and the huntsman in a most talented light.

We were anticipating further inspired performance when I, somewhat naively enquired what should our huntsman do next and received five different replies.

This goes to show that even those with the most knowledge and experience are not right every time.

The fascination of the challenge brings us together whether it is watching the hounds or crossing the country or even putting up the old brown marquee for the puppy show.

The Kimblewick Hunt is an eclectic club with which it is a pleasure to be associated and an honour to chair. If I can be of any value to our hunt then it must be to listen to the membership and hope to interpret their wishes for the benefit of the hunt.

Most of all I feel that everyone associated with the KH should join in and enjoy all the possibilities the hunt has to offer.

So whenever you have an idea or a question, please mention it to one of the committee, the supporters club or even the Chairman!

Bob Baskerville

Kimblewick Hunt

Master's Report for the 2020-2021 Season

Everyone has their own narrative on the past eighteen months. The Kimblewick Hunt is no exception. Flexibility, patience and resilience have been to the fore – and that's just the hounds, say nothing of the loyalty and friendship of the hunt's support base, which, even though necessarily remote at times, has ensured that the hunt enters the 2021-2022 season in a positive position.

Despite lockdowns, tiers and restrictions, our hounds worked well in the hunting field and managed forty-four days, which I hope should be enough to have sufficiently entered the young hounds. The majority of the pre-end of shooting season country was hunted and the mounted field enjoyed some great days. Our farmers, to whom we offer deep gratitude, as ever, were robust and welcoming.

As a fledgling MFH during the Foot and Mouth crisis, unprecedented times for the countryside, I remember the trepidation with which we started the season just before Christmas. How would the farmers react? Would the hounds cope? Would the finances hold up? Yes, to all.

Today's hunt officers will not forget 'the time of Covid' either. Stop-start hunting, fundraising decimated, events cancelled, financial concerns, minimal contact with farmers, all governed by fluid decision making, in the hope that the loyal members and supporters would hold fast. And they did, of course.

As in any wartime or national crisis, innovation soon becomes the norm and the membermojo system has been a revelation, its efficacy for both members and hunt officers will stand in 'peacetime.'

Thank you to the Hunt Supporters Club and other fundraisers who have been operating with their hands tied behind their backs, devising increasingly ingenious methods of maintaining a vital income stream. Amanda Parker is the new chair of the HSC, with thanks to Jack Bull over the past few seasons.

The established Mastership welcomes Phili Sheppard and Gaby Hill on board, both of whom have field mastered expertly over the past few seasons in their respective vales and Ellie Kay becomes the Field Secretary in the Central Vale.

The hunt country has not been forgotten over the past twelve months, far from it. Sixty new or refurbished fences have been built and more are to come. This is a crucial investment in the hunt's future enjoyment. In addition, new and redundant huntable country is being explored this summer.

Happily, the team at Dodd's Charity in kennels and stables remains the same for this season. They have been most adaptable during these uncertain times. We also thank our wonderful volunteers and helpers too, behind the scenes and front of house, organising events and facilitating hunting.

The Kimblewick is in good heart. Thank you for your support and we look forward to a great season ahead.

Genuine first timers will be offered a taster/guest cap of £25 and £10 for children. Please contact [Laura Heard](#) initially for more information and meet advice.

Farmers

Farmers (i.e. someone who derives their principal and ostensible means of subsistence from farming) who wish to hunt mounted when hounds are likely to cross their land are cordially invited to hunt as guests of the Mastership. Bona fide farmers are otherwise expected to pay a minimum of 60% of the appropriate subscription rate.

Hay, haylage, straw, oats, barley and wheat are all very welcome as a donation. Any contributions from farmers will be most gratefully received and may be offset against hunt caps or subscriptions. Please ring Andrew Sallis for advice on this.

Guests and Day Caps

All non-subscribers must pay a guest cap at every meet attended and should contact the appropriate field secretary before booking in on membermojo.

The adult cap per day is:

- Vale (vale north of M40 into Central Vale) is £100 per person
 - Any exceptions will be highlighted on booking via membermojo

Children (under the age of 18) pay £20 per day during the main season.

Subscribers are reminded that when visiting another hunt as a guest of a Master and not paying a guest cap it is customary to 'tip' the professional huntsman or kennel huntsman if the Master hunts hounds.

Acceptance of Caps

Subscribers may invite guests including members of their family but it may not be possible to accept guests at certain meets, particularly in the event of wet weather.

Prior permission must be obtained beforehand from the appropriate Field Secretary, who has absolute discretion to give or withhold permission.

Please ensure that you and your guests are booked onto membermojo by 7pm the night before hunting.

Kimblewick Hunt General Information

Members

Invitation to wear the Hunt Buttons and become a member of the Hunt is at the discretion of the Masters, usually following exceptional service to the Hunt.

Honorary Life Members are invited by the Hunt Committee in recognition of their outstanding service to the Hunt.

Altered or Postponed Meets

If, due to weather conditions, it is questionable whether hunting will be possible, an e-mail will be sent out.

Grooms

Anyone employed as a groom who rides to hounds must be covered by a subscription unless he/she is escorting children, when the appropriate escort cap should be paid. If not so covered, grooms must ride as second horsemen on the road.

Meet Cards

All subscription rates include access to the meet card via membership of membermojo.

Gate Shutting Duties

Hunting depends upon the goodwill of farmers and landowners who permit us to cross their land and upon whose land we are guests. It is therefore essential that all gates are closed unless told otherwise and every member of the field has the responsibility for closing gates.

To ensure that this happens in practice we appoint gate shutters for certain meets and all mounted subscribers will take their turn in fulfilling these duties during the 2021/2022 season.

When appointed gate shutter please dress in ratcatcher and carry a few lengths of ready-cut baler twine together with a pocket knife.

You will be expected to stay out on duty until at least 2.30pm and report to the Secretary or Field Master on duty.

Secretaries and Enquiries

Please see the map of the Kimblewick country via the [map link](#) to find the appropriate Field Secretary to contact.

[Laura Heard](#) is the Hunt Secretary to whom all enquiries of a general nature and subscriptions should be addressed.

Fallen Stock

Anyone wanting to use our fallen stock service please contact Ben Higgins on 07754 462007. Subscribers who use this service will be offered a reduced rate.

The office at Marsh Hill Farm via fallenstock@kimblewickhunt.co.uk is responsible for the administration and invoicing.

Notes for the Mounted Field

Hunting depends not only upon the goodwill of farmers, landowners and gamekeepers who permit the Hunt to cross their land, but also upon the valued support of the general public. Everyone out has an absolute duty to be particularly careful of these vital interests. The Joint Masters, with the whole Committee's full support, will insist upon the observance of the highest standards of conduct by all followers.

When Hounds are Running

Members of the Field must remain under the direction of the designated **Field Master** at all times.

Crops and Fences

It must be remembered that we are the guests of the farmers, and we must always take care not to damage crops, stock or fences.

Damage

Individuals are responsible for reporting at the first opportunity to the Field Secretary or the Field Master for the day if they break a gate, a rail, wire or make a gap in a hedge.

If there is livestock in the field in which damage has been caused, then the individual responsible for the damage must ensure the fence is stock proof, even if it is a temporary measure.

Anyone who breaks a gate will be required to pay for the replacement of that gate, currently approximately £150.

Hacking Home or Back to the Meet

Please use only roads or bridleways. **Do not recross the country, or go across any land over which the Hunt has not crossed.** It is courteous to thank the Master for the day's sport before leaving, and it may be that the Master will ask you to delay your departure in order that you do not go into an area which hounds are about to draw.

Visitors

All non-subscribers should contact the appropriate Field Secretary before booking to hunt on membermojo. All meet details can be found membermojo.

Time Keeping

Please ensure you allow sufficient time to park, unload and be mounted in time for the meet at 11.00 moving off at 11.15. It is advised to arrive tacked up to ensure a smooth and swift passage to the meet.

Warning Ribbons

Please ensure that the correct coloured ribbon is tied to the tail of your horse.

- Red – if known to kick.
- Green – for a young/inexperienced horse.

Please may we remind you that it is your responsibility to keep your horse away from others and hounds. It remains a “hunting sin” to kick a hound.

Hirelings are available – please contact the appropriate Field Secretary.

Point-to-Point Hunting Subscriptions

A system of central collection through Weatherbys of a standard fee of £160 per horse is implemented for the granting of a Hunter Certificate.

This is paid by owners when the Hunter Certificate (having been signed by a Master or authorised signatory from the Kimblewick Hunt) is lodged together with and in addition to the PPA administration fee of about £100 per horse.

The Kimblewick Hunt will receive back shortly afterwards the whole £160 standard fee without deduction.

Hunting Dress Code & Etiquette

A huge effort goes into organising a day's sport and it shows respect for your hosts, over whose land you are welcomed, to dress and turn your horse out correctly.

For all meets before the Opening Meet, ratcatcher is the correct attire. This is a tweed coat with either a tie or hunting stock. Ratcatcher is also acceptable during the rest of the season and should always be worn by those on gate-shutting duties.

After the Opening Meet a black or navy coat or ratcatcher is correct. For those who have been invited to wear the hunt button, a yellow collar for ladies may be worn on the coat (which may be black or dark navy). Gentlemen may wear a red coat when awarded hunt buttons, if they wish. Those awarded their hunt buttons become members of the hunt. Only Masters and ex-Masters may wear four buttons on the front of their coats to distinguish them from others in the field.

Cross-country skull caps or velvet riding hats (in blue, black or brown) which are safety kite-marked are recommended but all headgear is worn at your discretion; hunting can be dangerous and you ride at your own risk. If a traditional-style velvet hat is worn the ribbons should be sewn up as only Masters and Hunt staff wear the ribbons down so they are recognisable from behind.

Top hats, traditionally worn by gentlemen in red coats, are not common nowadays. Bowler hats with ratcatcher are also uncommon.

Buff breeches should be worn with ratcatcher and white or buff breeches with black or navy coats. Only white breeches should be worn with red coats. Boots should be black or brown with ratcatcher and black with black or navy coats. Boots with mahogany tops and a white garter strap are worn with red coats. White or buff gloves should be worn.

Children should wear the correct crash hat to the latest standard with a black, brown or blue velvet cover, a tweed jacket, plain shirt, tie and gloves. Jodhpurs and jodhpur boots are correct, as are matching leather half chaps. Warmth and comfort are important for children as well as everyone else. Body Protectors may be worn and are strongly encouraged.

A hunting whip should be carried and it should be held with the thong hanging down. White whips may only be carried by Hunt staff.

Other than when ratcatcher is worn, the horse or pony should be plaited. A smart turnout is expected from every rider at every meet.
